

Three simple ways to prescribe

Ready to prescribe?

Just e-prescribe, fax or call in your patient's prescription to Optum[®] Specialty Pharmacy. We'll handle the rest.

E-prescribe using this information:

1050 Patrol Road
Jeffersonville, IN 47130

NPI: 1083045140

NCPDP: 1564930

Fax the form to
1-877-342-4596

Call
1-877-445-6874

Once we receive the prescription, we will:

- Complete a benefits investigation and prior authorization
- Aid patients in obtaining financial assistance programs
- Manage appeals if prior authorization is denied
- Coordinate medication delivery

What we need

All prescriptions require:

- Photo copy of all insurance cards (front and back)
- Patient's full name and date of birth
- Diagnosis and diagnosis code
- Quantity of number of refills
- Prescriber signature and date
- Prescriber's name, phone number, address and NPI number (for NP and PA – supervising physician NPI)

Information that helps

These items reduce the need for follow-up:

- Patient demographics (gender, address, phone number)
- Chart of progress notes and pertinent labs
- Tried and failed therapies
- Current medications and known allergies
- Previous approval through insurance or copay assistance (if applicable)
- Alternate contact information and consent

Access and reimbursement for specialty medications can be complex. We're here to help.
